## **U.S. Department of Labor Announces Annual Adjustments to OSHA Civil Penalties**

**WASHINGTON, DC** – The U.S. Department of Labor has announced adjustments to Occupational Safety and Health Administration (OSHA) civil penalty amounts based on cost-of-living adjustments for 2021.

In 2015, Congress passed the Federal Civil Penalties Inflation Adjustment Act Improvements Act to advance the effectiveness of civil monetary penalties and to maintain their deterrent effect. Under the Act, agencies are required to publish "catch-up" rules that adjust the level of civil monetary penalties, and make subsequent annual adjustments for inflation no later than January 15 of each year.

OSHA's maximum penalties for serious and other-than-serious violations will increase from \$13,494 per violation to \$13,653 per violation. The maximum penalty for willful or repeated violations will increase from \$134,937 per violation to \$136,532 per violation.

Visit the [OSHA Penalties](#) page for more information. The Department of Labor Federal Civil Penalties Inflation Adjustment Act Annual Adjustments for 2021 [final rule](#) is effective January 15, 2021, and the increased penalty levels apply to any penalties assessed after January 15, 2021.

Under the Occupational Safety and Health Act of 1970, employers are responsible for providing safe and healthful workplaces for their employees. OSHA's role is to help ensure these conditions for America's working men and women by setting and enforcing standards, and providing training, education and assistance. For more information, visit [www.osha.gov](http://www.osha.gov).

The mission of the Department of Labor is to foster, promote, and develop the welfare of the wage earners, job seekers, and retirees of the United States; improve working conditions; advance opportunities for profitable employment; and assure work-related benefits and rights.

**SUMMARY:** The U.S. Department of Labor (Department) is publishing this final rule to adjust for inflation the civil monetary penalties assessed or enforced by the Department, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990 as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Inflation Adjustment Act). The

Inflation Adjustment Act requires the Department to annually adjust its civil money penalty levels for inflation no later than January 15 of each year. The Inflation Adjustment Act provides that agencies shall adjust civil monetary penalties notwithstanding Section 553 of the Administrative Procedure Act (APA). Additionally, the Inflation Adjustment Act provides a cost-of-living formula for adjustment of the civil penalties. Accordingly, this final rule sets forth the Department's 2021 annual adjustments for inflation to its civil monetary penalties.

**DATES:** This final rule is effective on January 15, 2021. As provided by the Inflation Adjustment Act, the increased penalty levels apply to any penalties assessed after January 15, 2021.

## **I. Background**

On November 2, 2015, Congress enacted the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, Pub. L. 114-74, sec. 701 (Inflation Adjustment Act), which further amended the Federal Civil Penalties Inflation Adjustment Act of 1990 as previously amended by the 1996 Debt Collection Improvement Act (collectively, the “Prior Inflation Adjustment Act”), to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The Inflation Adjustment Act required agencies to (1) adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rule (IFR); and (2) make subsequent annual adjustments for inflation no later than January 15 of each year.

On July 1, 2016, the Department published an IFR that established the initial catch-up adjustment for most civil penalties that the Department administers and requested comments. *See* 81 FR 43430 (DOL IFR). On January 18, 2017, the Department published the final rule establishing the 2017 Annual Adjustment for those civil monetary penalties adjusted in the DOL IFR. *See* 82 FR 5373 (DOL 2017 Annual Adjustment). On July 1, 2016, the U.S. Department of

Homeland Security (DHS) and the U.S. Department of Labor (DOL) (collectively, “the Departments”) jointly published an IFR that established the initial catch-up adjustment for civil monetary penalties assessed or enforced in connection with the employment of temporary nonimmigrant workers under the H-2B program. *See* 81 FR 42983 (Joint IFR). On March 17, 2017, the Departments jointly published the final rule establishing the 2017 Annual Adjustment for the H-2B civil monetary penalties. *See* 82 FR 14147 (Joint 2017 Annual Adjustment). The Joint 2017 Annual Adjustment also explained that DOL would make future adjustments to the H-2B civil monetary penalties consistent with DOL’s delegated authority under 8 U.S.C. 1184(c)(14), Immigration and Nationality Act section 214(c)(14), and the Inflation Adjustment Act. *See* 82 FR 14147-48. On January 2, 2018, the Department published the final rule establishing the 2018 Annual Adjustment for civil monetary penalties assessed or enforced by the Department, including H-2B civil monetary penalties. *See* 83 FR 7 (DOL 2018 Annual Adjustment). On January 23, 2019, the Department published the final rule establishing the 2019 Annual Adjustment for civil monetary penalties assessed or enforced by the Department, including H-2B civil monetary penalties. *See* 84 FR 213 (DOL 2019 Annual Adjustment). On January 15, 2020, the Department published the final rule establishing the 2020 Annual Adjustment for civil monetary penalties assessed or enforced by the Department, including H-2B civil monetary penalties. *See* 85 FR 2292 (DOL 2020 Annual Adjustment).

This rule implements the 2021 annual inflation adjustments, as required by the Inflation Adjustment Act, for civil monetary penalties assessed or enforced by the Department, including H-2B civil monetary penalties.<sup>1</sup> The Inflation Adjustment Act provides that the increased penalty levels apply to any penalties assessed after the effective date of the increase. Pursuant to the Inflation Adjustment Act, this final rule is published notwithstanding Section 553 of the APA.

---

<sup>1</sup> The Department is also responsible for administering and enforcing a newly-enacted civil monetary penalty under the Fair Labor Standards Act (*see* Pub. L. No. 115-141, section 1201 (2018)) and proposed regulations that would codify this civil monetary penalty in the Code of Federal Regulations (CFR) on October 8, 2019. *See* Tip Regulations Under the Fair Labor Standards Act (FLSA), 84 FR 53956 (proposed Oct. 8, 2019). On December 30, 2020, the Department published a final rule that codifies this civil monetary penalty, adjusted for inflation pursuant to the Inflation Adjustment Act, in the CFR, to be effective on March 1, 2021.

This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a ‘major rule,’ as defined by 5 U.S.C. 804(2).

## **II. Adjustment for 2020**

The Department has undertaken a thorough review of civil penalties administered by its various components pursuant to the Inflation Adjustment Act and in accordance with guidance issued by the Office of Management and Budget.<sup>2</sup>

The Department first identified the most recent penalty amount, which is the amount established by the 2020 annual adjustment as set forth in the DOL 2020 Annual Adjustment published on January 15, 2020. The Department is required to calculate the annual adjustment based on the Consumer Price Index for all Urban Consumers (CPI-U). Annual inflation adjustments are based on the percent change between the October CPI-U preceding the date of the adjustment, and the prior year’s October CPI-U; in this case, the percent change between the October 2020 CPI-U and the October 2019 CPI-U. The cost-of-living adjustment multiplier for 2021, based on the Consumer Price Index (CPI-U) for the month of October 2020, not seasonally adjusted, is 1.01182.<sup>3</sup> In order to compute the 2021 annual adjustment, the Department multiplied the most recent penalty amount for each applicable penalty by the multiplier, 1.01182, and rounded to the nearest dollar. This resulted in increases to all but four of the penalties administered by the Department, as set forth in the Appendix.

As provided by the Inflation Adjustment Act, the increased penalty levels apply to any penalties assessed after the effective date of this rule.<sup>4</sup> Accordingly, for penalties assessed after

### **III. Paperwork Reduction Act**

The Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)) requires that the Department consider the impact of paperwork and other information collection burdens imposed on the public. The Department has determined that this final rule does not require any collection of information.

### **IV. Administrative Procedure Act**

The Inflation Adjustment Act provides that agencies shall annually adjust civil monetary penalties for inflation notwithstanding section 553 of the APA. Additionally, the Inflation Adjustment Act provides a nondiscretionary cost-of-living formula for annual adjustment of the civil monetary penalties. For these reasons, the requirements in sections 553(b), (c), and (d) of the APA, relating to notice and comment and requiring that a rule be effective 30 days after publication in the Federal Register, are inapplicable.

**V. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563:  
Improving Regulation and Regulatory Review**

Executive Order 12866 requires that regulatory agencies assess both the costs and benefits of significant regulatory actions. Under the Executive Order, a “significant regulatory action” is one meeting any of a number of specified conditions, including the following: having an annual effect on the economy of \$100 million or more; creating a serious inconsistency or interfering with an action of another agency; materially altering the budgetary impact of entitlements or the rights of entitlement recipients; or raising novel legal or policy issues.

The Department has determined that this final rule is not a “significant” regulatory action and a cost-benefit and economic analysis is not required. This regulation merely adjusts civil monetary penalties in accordance with inflation as required by the Inflation Adjustment Act, and has no impact on disclosure or compliance costs. The benefit provided by the inflationary adjustment to the maximum civil monetary penalties is that of maintaining the incentive for the regulated community to comply with the laws enforced by the Department, and not allowing the incentive to be diminished by inflation.

Executive Order 13563 directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility to minimize burden.

The Inflation Adjustment Act directed the Department to issue the annual adjustments without regard to section 553 of the APA. In that context, Congress has already determined that any possible increase in costs is justified by the overall benefits of such adjustments. This final

rule makes only the statutory changes outlined herein; thus there are no alternatives or further analysis required by Executive Order 13563.

## **VI. Regulatory Flexibility Act and Small Business Regulatory Enforcement Fairness Act**

The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.* (RFA), imposes certain requirements on Federal agency rules that are subject to the notice and comment requirements of the APA, 5 U.S.C. 553(b). This final rule is exempt from the requirements of the APA because the Inflation Adjustment Act directed the Department to issue the annual adjustments without regard to section 553 of the APA. Therefore, the requirements of the RFA applicable to notices of proposed rulemaking, 5 U.S.C. 603, do not apply to this rule. Accordingly, the Department is not required to either certify that the final rule would not have a significant economic impact on a substantial number of small entities or conduct a regulatory flexibility analysis.

## **VII. Other Regulatory Considerations**

### *A. The Unfunded Mandates Reform Act of 1995*

The Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1531–1538, requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a state, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. This Final Rule will not result in such an expenditure. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

### *B. Executive Order 13132: Federalism*

Section 18 of the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 667) requires Occupational Safety and Health Administration (OSHA)-approved State Plans to have standards and an enforcement program that are at least as effective as Federal OSHA's standards and enforcement program. OSHA-approved State Plans must have maximum and minimum penalty levels that are at least as effective as Federal OSHA's, per section 18(c)(2) of the OSH Act. *See also* 29 CFR 1902.4(c)(2)(xi); 1902.37(b)(12). State Plans are required to

increase their penalties in alignment with OSHA's penalty increases to maintain at least as effective penalty levels.

State Plans are not required to impose monetary penalties on state and local government employers. *See* § 1956.11(c)(2)(x). Five (5) states and one territory have State Plans that cover only state and local government employees: Connecticut, Illinois, Maine, New Jersey, New York, and the Virgin Islands. Therefore, the requirements to increase the penalty levels do not apply to these State Plans. Twenty-one states and one U.S. territory have State Plans that cover both private sector employees and state and local government employees: Alaska, Arizona, California, Hawaii, Indiana, Iowa, Kentucky, Maryland, Michigan, Minnesota, Nevada, New Mexico, North Carolina, Oregon, Puerto Rico, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, and Wyoming. They must increase their penalties for private-sector employers.

Other than as listed above, this final rule does not have federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Accordingly, Executive Order 13132, Federalism, requires no further agency action or analysis.

*C. Executive Order 13175: Indian Tribal Governments*

This final rule does not have "tribal implications" because it does not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. Accordingly, Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, requires no further agency action or analysis.
